Subject: legal storehouse documents

Hi Julia and Tim, thanks for talking to me about the legal storehouse! I added you two, Ali and Allison to the legal sector workspace.

[Here you'll find document that in in the legal storehouse](#). I'll look through and make suggestions on what should be catalogued.

Also, [here's a website I really like](#). It has two layers of information like the storehouse. We don't need a map for ours, of course.
