Hi Lori,

I wanted to give you a quick update on my field experience stuff. There's been some delays in getting the final paperwork completed and I understand that the paperwork is late. I will have everything completed as soon as possible. I'm just waiting on some things, including coordinating my supervisors' schedules and when we can meet.

I just figured I'd send you an email telling you I haven't forgot! :)

Talk to you soon.
-Tim

Thanks, Tim!

Your grade is an I right now, but can be easily changed once your faculty supervisor has seen your reflection paper and your site supervisor's evaluation.

Thanks for the update!

Lori
