Sounds good... And he will be an employee so no need for any consultant stuff – just the work order. ☺

Thanks! We will just get a work order # for the consultant line that Policy wants to use.

J

Hey Tim,

This should be taken care of. My understanding is that you will just have two different codes to use to charge your time to.

Julia, will you please let me know if you need additional clarification?

Thanks!
Jen

Hi again, Jen!

Sorry to bother you about this, but I'm just following up with you about the Field Experience/consultant stuff.

Are there any updates? Do you need anything from me?

Talk to you soon!

-Tim
