Hello!

You did not fill in a site supervisor email on your FE Agreement form (you listed yours twice ☺), so please send me Katrina's email. You can either forward her this email or let me know her email and I'll send it along.

Thank you!

Lori

Subject: Thank you for serving as a SILS field experience site supervisor!

Dear Field Experience Site Supervisors:

On behalf of the School of Information and Library Science, I want to thank you for serving as a site supervisor in our Field Experience program this summer. The Field Experience program is a great opportunity for our students to build their career as information professionals.

At SILS, we believe the evaluation portion of the Field Experience is a valuable component of the learning experience, as students will be able to reflect on their experience and get constructive feedback from the professionals with whom they have been working. SILS provides a Field Experience evaluation form to assist in your evaluation of the student (attached and also on our website as a pdf). We encourage you to discuss the evaluation with the student prior to returning the form.

If your student has completed all 135 field experience hours, please make sure you have completed your site supervisor evaluation form by **July 28, 2016**. Once the student has signed your evaluation, **please send the form back to me at lhaight@email.unc.edu**. These forms are made available to the student's faculty supervisor for review and are an important part of recommending a final grade and obtaining credit for the student's Field Experience work.

If your student is still working later into August (which is common for summer field experiences), please send me your completed evaluation form as soon as possible.

Also, if you have ideas for future Field Experience projects, please let me know so that I may circulate them to prospective students.

Again, I thank you for your important contribution to the education of our students by serving as a site supervisor. If you have any questions about the program, please do not hesitate to contact me.

Lori Haight, Ed.D.

Hi Lori!

Katrina's email is LeeK@ipas.org

I can forward her this email now!

Thanks for checking up.

-Tim

Hi Tim,

I've completed my portion except signing – looks like there is space for you to provide comments as well. Do you want to do that part and then bring around for me to sign tomorrow? Also, at the top is a field for PID and I have no idea what that is.

Warm regards,

Katrina Lee

Okay! I signed it and put it on your desk.

Thanks again for doing this!

We're in the home stretch!

-Tim
