Hello, Dr. Feinberg!

I'm just emailing you a quick update of the work I've been doing on my Field Experience.

Truth be told, the date that SILS has set for some of this paperwork has crept up on me, but I am definitely over the 60 hour halfway point and I am approaching the 135 hour mark.

I've attached two files to this email:

1. Work log, including all correspondence about the FE.
2. FE Evaluation form. This has been completed by my site supervisor and signed by both of us.

This next week, I'll be finalizing my hours spreadsheet and writing the 6 page paper, all of which I think are due by the beginning of the Fall semester.

Will you be available to attend a Skype/conference call during this next week with my Site Supervisor here at Ipas and me? It shouldn't take too long and I think we would discuss the same things that are in the Work Log document. I plan to be in the office M-F, 9am-5pm and I can coordinate with my Site Supervisor whenever works with your schedule.

I hope your summer has been relaxing!

Talk to you soon.

Dear Tim,

Thank you for sending these documents.

What about 1 p.m. on Thursday, August 4, for the conference call? Skype is fine.

Hello Dr. feinberg.

My FE supervisor over here at Ipas messaged me today and told me that her mother is undergoing surgery on Thursday (Aug 4) and requested that we move the date for our meeting. Could we reschedule this next week? Which days are best for you?

Thank you.

Oh dear!

Unfortunately, I will be travelling from August 5 through August 15.

You have two options:

- We can Skype tomorrow, August 3. I am available from 11-6 tomorrow.
- We can Skype when I return. That week, I am available all day on August 16; from 11-12 and 2-3 on August 18; and from 2-6 on August 19.

Let me know what's best for you.

Melanie
